NAGPUR INSTITUTE OF TECHNOLOGY

CRITERION 7

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1.1

Institution has initiated the Gender Audit and measures for the promotion of gender equity during the last five years.

To reduce the enormous use of paper and printing the entire data, signature and a seal by the Competent Authority for all the papers, we have used the Class-3 Digital Signature where a registration authority i.e. Dr. Amol Deshmukh, Principal of our institute authenticate the documents and responses claimed in this pdf file.

Summary of event	<p>Cancer awareness program was organized by the Nagpur institute of Technology on 20th December 2022, to create awareness among students so that they can understand the need of fighting against this fatal disease. The event was aimed at raising awareness about Preventable Cancers in India. It is observed in the present scenario that college students are vulnerable to tobacco abuses of cigarette smoking, chewing tobacco, and many other kinds. It is estimated that cigarette smoking accounts for about one-third of all types of cancer, including 90 percent of lung cancer cases. Hence, it was important to sensitize the community regarding the risk factors, early symptoms, and steps to be taken for early diagnosis of tobacco-related cancer. Smokeless tobacco such as chewing tobacco and snuff also increases the risk of cancer, especially oral cancers.</p>
